Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

Course Management – Faculty can create, organize, and manage courses, including syllabi, assignments, and schedules. Student Enrollment & Tracking – Automated enrollment, progress tracking, and performance analytics. Content Delivery – Support for various content formats (PDFs, videos, interactive lessons, etc.). Assessments & Grading – Online quizzes, assignments, and gradebook functionalities. Collaboration & Communication – Discussion forums, messaging, and video conferencing tools. Integration with External Systems – Compatibility with SIS, library systems, and third-party tools (e.g., Turnitin, Zoom). Mobile Access – Responsive design for learning on the go. Security & Compliance – Data privacy, role-based access, and compliance with educational regulations. Analytics & Reports – Insights into student engagement, learning progress, and institutional performance.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- https://www.ppsu.ac.in/library/E-content.php

Assessment mechanism	Online quizzes, assignments, and gradebook functionalities.
Identified technological interface and interoperability	Compatibility with SIS, library systems, and third-party tools (e.g., Turnitin, Zoom).
Learner's Authentication Requirements	Username & Password – Basic login credentials for initial access.
Learner Registration - through a web application	Automated enrollment, progress tracking, and performance analytics.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	progress tracking, performance analytics, Discussion forums, messaging, and video conferencing tools.
Payment Gateway –using Digital Payment system	Integration with Multiple Payment Methods – Supports credit/debit cards, net banking, UPI, e-wallets, and international payment options.
Tracking the delivery of a Course or programme	Course Progress Monitoring – Tracks student engagement with lectures, assignments, and quizzes. Attendance & Participation Logs – Records login frequency, session duration, and participation in discussions. Assessment & Performance Tracking – Monitors quiz scores, assignment submissions, and grading trends.

Technical Know-how or Skills Requirements	Basic Digital Literacy – Navigating the LMS, accessing course content, and submitting assignments. Communication Tools – Using discussion forums, live chat, and video conferencing for collaboration. Troubleshooting Skills – Handling minor technical issues like login errors, file uploads, and browser compatibility.
