

Report on Relationships to Support the Goals

University as a body initiate and participate in cross-sectoral dialogue about the SDGs, e.g. conferences involving government/NGOs

Year 2024-25

SDG-17

PARTNERSHIPS FOR THE GOALS

University as a body initiate and participate in cross-sectoral dialogue about the SDGs, e.g. conferences involving government/NGOs

Each School is expected to include at least one SDG-themed conference, seminar or symposium in its annual calendar, and the schools plan these with the IQAC. Government departments, regional NGOs and industry sustainability leads are invited as speakers or panelists next to academic contributors, so that the events bring different sectors into one discussion.

The School of Agriculture and the School of Sciences have held seminars and conferences on sustainable development themes with invited government and NGO speakers, the School of Management Studies has held events on sustainability in business and public policy, and the School of Pharmacy and the health-sciences units have held symposia with public health stakeholders. Programmes, photographs and proceedings or summary reports are kept for each event, and the IQAC records them in its event log.

The conference and seminar programmes listing government and NGO speakers, the photographs, the proceedings or summary reports and the IQAC event log are attached.

DOCUMENTS REQUIRED

- ✓ Conference/seminar programmes listing government/NGO speakers
- ✓ Event photographs
- ✓ Proceedings or summary reports
- ✓ IQAC event log
