Year 2024-25

SDG-17

PARTNERSHIPS FOR THE GOALS

University's progress against SDG1: No Poverty

The University's main contribution to ending poverty is financial. It gives merit-based and need-based scholarships and fee concessions to eligible students, and helps students apply for central and Gujarat state scholarships, including those on the National Scholarship Portal and Digital Gujarat for SC, ST, OBC, EWS and other eligible categories. Hostel-fee concessions are considered for students who show financial hardship.

The Scholarship / Financial Aid committee processes applications in every admission and academic cycle, the Admissions Office helps students apply through the government portals, and the Finance office and hostel administration take part in the fee decisions. Schools refer eligible students to the committee and do not run separate schemes.

The scholarship and fee-concession disbursement records, the government-scholarship-portal facilitation records and the hostel fee-concession case records are attached.

DOCUMENTS REQUIRED

- ✓ Scholarship and fee-concession disbursement records
- ✓ Government-scholarship-portal facilitation records
- ✓ Hostel fee-concession case records
