Year 2024-25

SDG-17

PARTNERSHIPS FOR THE GOALS

University's progress against SDG10: Reduced Inequalities

The University's admissions policy does not discriminate on grounds of caste, religion, economic background, disability or region, and the criteria are applied in the same way to every applicant, as described in the SDG 5 metrics.

It helps eligible students to use central and state government scholarships and the reservations and concessions available to SC, ST, OBC, EWS and other categories. The campus has ramps and related provisions so that students and staff with disabilities can move around it.

The admissions policy documents, the scholarship and reservation facilitation records and the campus accessibility infrastructure audit are attached.

DOCUMENTS REQUIRED

- ✓ Admissions policy documents confirming non-discriminatory criteria
- ✓ Scholarship/reservation facilitation records
- ✓ Campus accessibility infrastructure audit
