

Report on Student Hunger

University as a body provide sustainable food choices for all on campus, including vegetarian and vegan food

Year 2024-25

SDG-2	ZERO HUNGER
University as a body provide sustainable food choices for all on campus, including vegetarian and vegan food	

Food service on the campus is vegetarian throughout. The canteen, the hostel dining hall and the food court serve vegetarian food only, and non-vegetarian food is not permitted on the premises, so students, faculty and staff all eat from the same plant-based menu. Vegan options are available within this menu where a dish meets vegan requirements; they are not run as a separate counter. Each student states a food choice at the time of hostel admission, and the admission form carries that choice on record.

The menus displayed in the canteen, mess and food court list vegetarian and vegan dishes together with their calorie values. As described on the University's website, the canteen serves wholesome, appetizing and hygienic vegetarian food, and the hostel kitchen is described in the same terms in the institutional documents.

The hostel admission form with the food-choice field and the vegetarian/vegan menu with calories are attached.

DOCUMENTS REQUIRED

- ✓ Hostel admission form with food choice
- ✓ Food menu, vegetarian/vegan, with calories
