

Report on Collaborations and Health Services

**University as a body deliver outreach programmes and
projects in the local community**

Year 2024-25

SDG-3

GOOD HEALTH AND WELL-BEING

University as a body deliver outreach programmes and projects in the local community

Health outreach is planned through an outreach activity calendar for 2024-25, and every activity is entered in an activity list. The programmes are carried out by NSS volunteers, the School of Pharmacy, the campus Health Centre and the affiliated Homoeopathic and Ayurvedic hospital units, mainly in the villages around Kosamba and Mangrol and on the campus.

Over the year the topics include hygiene and cleanliness, nutrition, family planning, sports and exercise, and healthy ageing, along with health-awareness and check-up camps in which the hospital units and the School of Pharmacy take part. Students join as volunteers under the supervision of faculty. Each activity has a report with photographs showing where it was held, who took part and what was covered.

The calendar, the activity list and the reports with photographs are attached.

DOCUMENTS REQUIRED

- ✓ Outreach activity calendar 2024–25
- ✓ Activity list
- ✓ Activity report with photographs
