

Report on Student Access Measures

University as a body provide women's access schemes

Year 2024-25

SDG-5

GENDER EQUALITY

University as a body provide women's access schemes

The University supports women's entry and continuation mainly through financial help and practical arrangements. Merit-based and need-based scholarships and fee concessions are open to women students on the same terms as other students, and on preferential terms where the University has decided so.

The scholarship policy and the list of scholarship sanction orders show who received support and how it is decided. Women applicants who come from outside Surat district are given priority in hostel allocation and admission counselling for them and their families. Mentoring is available to women students under the mentor-mentee policy, and a sample mentor-mentee book shows how sessions are recorded. Records of other provisions, such as hostel priority and safety schemes, are kept as well.

The scholarship policy, the sanction order list, the mentor-mentee policy with its implementation record and sample book, and the records of other provisions are attached.

DOCUMENTS REQUIRED

- ✓ Scholarship policy
- ✓ Scholarship sanction order list
- ✓ Mentor-mentee policy and implementation record (sample mentor-mentee book)
- ✓ Any other provision records (hostel priority, safety schemes, etc.)
