Study Architecture at P P Savani University

B.Arch is an extensive five year degree program, that creates an in-depth professional outlook of the students. The degree serves as an excellent spring board for an independent career in design practice, academics, research or even higher studies.

As Indian cities experience rapid urbanization, there is always a need for well qualified and creative architects that can participate in Nation building.

Architects as professionals are known for their passionate outlook and their love for the field. Architecture becomes not just any other job but a life defining and life changing profession. Architects enjoy strong bonds of comradeship and continue to learn new things all their life.

School of Architecture allows you to use your passion of creating extraordinary designs & creating unlimited options with the limited space with hands-on learnings like human behaviors, human perception on designs, the process of design, and many more. Here at PPSU you will get a lot of opportunities to showcase your creativity and ingenuity while designing structures. While studying Architecture, you get an opportunity to study various fields of human endeavor, including Art, History, Material Science, Physics, Engineering, almost everything that can help improve the living environment of populace.

PROGRAM

BACHELOR OF ARCHITECTURE MASTERS IN URBAN PLANNING

This program is as per the Council of Architecture.

Bachelor of Architecture (B.Arch)

Our Architecture program goes beyond just training students to fit into the professional field. It introduces and develops the skills and knowledge necessary for contemporary architectural practice.

The program is designed with an objective to widen student's knowledge, to help cultivate the right kind of values, ethics and attitude required for being a socially responsive citizen. This includes in-depth studies about societies and its historic context in different regions of India and beyond, international influences and the evolving value of our society, Art and Craft of different regions, the changing economy and also increasing awareness about the environment. B.Arch. program is approved by the Council of Architecture.

B.Arch Duration:
5 years, (including 6 months of Internship)

Explore Possibilities in Architecture

Higher Education: Can opt for Masters of Urban Planning, Architecture, Design and many more.

Global Markets:

B.Arch. has scope across the globe but growth has been seen in prominent countries like: Ireland, Qatar, Canada, Australia, USA, UK, Switzerland, Norway to name a few.

Profiles:

- Landscape Architect
- Urban Planner & Designer
- Restoration Architect
- Research Architect
- Lighting Architect (sustainability and space management)
- Political Architect (active in political decisions of a city or country)
- Extreme Architect (who specializes in extreme weather conditions)

Package:

- The salary brackets vary in India and in the international markets based on the exposure student has received during Bachelors in Architecture.
- The average salary of a fresher starts at 2.5 - 4 LPA with smaller firms and it varies with bigger firms and MNCs.

We offer English, French and German languages as compulsory languages to the students, preparing them for national and international exposure. As a part of extra-curricular activity, we also provide Music classes to all our students at PPSU.

National & International Collaborations
