## ABOUT SCHOOL

Architecture deals with fundamental issue of the users, cities & societies and not only materials, process and aesthetics. Architecture is one of the 20 top most difficult as well as intellectuals and technical disciplines of the world.

As Indian cities experience rapid urbanization, there is always a need for well qualified and creative architects that can participate in Nation building. Architects as professionals are known for their passionate outlook.

Our B.Arch Program aims at procuring high level of contextual learning experience by enhancing interdisciplinary areas of studies which includes in-depth studies about societies and its historic context in different regions of India and beyond, international influences and the evolving value of our society.

Thus, PPSU has crafted broad-based education in Architecture and Planning keeping the future needs of the industry and the concerns of the society in mind.

# PROGRAM

## BACHELOR OF ARCHITECTURE

(Approved by Council of Architecture)

## MASTER IN URBAN PLANNING

(Recognized by Indian Institute of Town Planners)

# B.ARCH @ PPSU Advantages

Abari.Earth - NEPAL

HARSH VAGHASIYA

Idieq Architects - NAINITAL

## Student's Testimonials

RUCHA SHIRSALE

My Architectural journey in P.P. Savani University has always been a roller coaster ride, but one thing that remains constant is "learning". From classroom discussions to practical workshops, I not just gained theoretical knowledge but also gained experience and practical knowledge. Here in SOA, learning is made fun, and that's what matters most to me!

AMIN RANGREJ

Here in Architecture department, we focus on designing as well as technical aspects with respect to Architecture. It is possible through various workshops, expert sessions and site visits which I personally feel is very important as a part of curriculum. Here our faculties and management acknowledges our work and motivates us for the betterment in our future.
